Thank you!!! to our valued customers for your continued business and support.

Due to family commitments, we will not be hosting a Maple Syrup Open House this spring. We look forward to hosting one in 2025. During the syrup season, please feel free to stop in and we will be happy to show you the maple syrup production process. If you plan to visit to see the syrup process and are driving any distance, it is always a good idea to call ahead to make sure we will be home. To receive our annual newsletter by email notifying you of a fresh supply of Britt Family Pure Maple Syrup products, send your name and email address to: customerservice@brittmaplesyrup.com.

Ship your favorite Britt Family Pure Maple Syrup Products directly to your home, to family, or to friends. Shipping is usually done through the U. S. Postal Service. Contact us for the shipping cost of your order. After receiving the total cost of your order (including shipping), mail us a check or money order. As soon as we receive your payment, your order will be shipped. We do not accept credit or debit cards.

Are you looking for some great, locally harvested honey? Our neighbors, Jim and Stephanie Simmons, now have locally harvested honey for sale. They live at 260 N. Greenwood Road, the first house north of our home. They have a self serve area set up in the garage attached to their home where honey can be purchased. If you have questions, you can contact Jim and Stephanie at 989-260-2012.
