**Thank you!!!** to our valued customers for your continued business and support.

**While we are not hosting an “Open House” this year, we are hoping to be cooking syrup on Saturday, March 28th from 10-4. Feel free to stop in and see how the maple syrup process happens.** During the syrup season, please feel free to stop in and we will be happy to show you the maple syrup production process. If you plan to visit to see the syrup process and are driving any distance, it is always a good idea to call ahead to make sure we will be home. To receive our annual newsletter by email notifying you of a fresh supply of Britt Family Pure Maple Syrup products, send your name and email address to: [customerservice@brittmaplesyrup.com](mailto:customerservice@brittmaplesyrup.com).

**Fun Facts about Pure Maple Syrup:** Pure maple syrup is an all natural product made from removing excess water from the sap of the maple tree. Pure maple syrup is allergen & gluten free. Pure maple syrup contains manganese, zinc, calcium, potassium, iron, and magnesium. Pure maple syrup has been found to have antioxidants with anticarcinogenic, antibacterial and antidiabetic properties.

**Are you looking for some great, locally harvested honey?** Our neighbors, Jim and Stephanie Simmons, have locally harvested honey for sale. They live at 260 N. Greenwood Road, the first house north of our home. Stop by and pick up some great tasting honey. If you have questions, you can contact Jim and Stephanie at 989-260-2012.
